12 January 2010

**2009 VENDOR REPORT CARD**

Braddock Metallurgical continually strives for excellence and improvement of the service we provide our customers and with this improvement the vendors in which we elect to do business with must also meet the stringent requirements we impose on you.

Each year your service or product you provide to Braddock is evaluated in four categories you see listed below. After the evaluation is determined, a score is assigned and this is what we use to determine whether your company is a preferred vendor of Braddock.

A vendor score of 95-100% is considered to be a “Preferred Vendor”.

A vendor score of 90-94% is considered to “Approved”.

A vendor score of 85-89% is considered to be “Provisional”.

A vendor score of less than 80% is considered to be “Not Approved” and a notice will be mailed to the vendor indicating they have been removed from the Approved Supplier List of Braddock Metallurgical.

Your score for 2009 is **100%**. Braddock Metallurgical is proud to enter your company on the “**Approved**” list.

VENDOR	PRODUCT	ON TIME DELIVERY	NONCONFORMING PRODUCT	# Of NCRS	# NCRS OPEN	SCORE	RPT VENDOR SCORE
